

PARALLEL SCHEDULE SESSION

**The 1st National Conference
Aviation Vocation Education &
Training**

February 18, 2021

NATIONAL CONFERENCE AVIATION VOCATION EDUCATION & TRAINING

The First Conference, February 18, 2021

Rules of Engagement for the Conference

1. The attendance should be on room 30 minutes before plenary session or Join zoom 30 minutes before the plenary session to allow the committee to check your attendance.
2. Upon entering the platform – Zoom, by following the link that you find in the attachment of the email, please write your full name (first name, last name) and breakout room number. Example: 5_Agung Wahyu.
3. After the plenary session, the presenters will be divided into several rooms according the division of the breakout rooms from the committee. For the Attendance who come directly on conference follow the instruction of committee to enter the available room for parallel session.
4. **Presenters Should make presentation (power point) maximum 5 Slides consist of Cover, Introduction, Method, Result and Discussion, and Conclusion. Presenters are given 10 minutes of presentation including question and answer.**
5. During the sessions, the attendance should stay silence and for attendance on zoom the microphone must remain silent – and will only be opened when you speak. If the microphone remains on for a long time, and someone speaks uninvited or allows background noises to disturb the activity, the moderators might mute you.
6. If you want to ask questions, please just raise your hand or participant on zoom click the “raise hand” symbol and the moderator have right to choose who to ask questions.
7. It is preferred to have your video camera on, especially when you speak. If your internet connection is not good, you can switch the video off and just leave your profile image.
8. Dress code, without being very strict, will be adapted to the possibility of viewing by other participants – and the recording of the sessions. Photos will be also taken at the beginning and of the sessions.
9. Chat messages are intended only for participants, but as we know, maintaining privacy in groups is often difficult, so please don't post opinions or information that you can't defend in public.
10. When talking (voice or chat), keep in mind that your words can be interpreted in many ways, so use short sentences that limit the possibility of being misinterpreted.

11. When you notice that you have a dialogue with only one member of the group, consider changing the conversation into a direct message, as the rest of the group may not be interested in your conversation.
12. Post the message in a single piece of text, don't post every word or sentence as a new message. A long series of notifications can bother those who are currently attending the session.
13. Please try not to eat or drink during the sessions, especially during your presentations.
